

Paul Simpson - Short Biography

I am 'of mature age' and have spent most of my working life in a variety of financial roles. For the last five years I have managed a charity/ social enterprise in Northampton providing day support for people with learning difficulties and mental health problems. I enjoyed the strategic planning element to change the service to support individuals on a person centred basis and developing alternative activities for people to enjoy.

I completed Person Centred Thinking training delivered by Helen Sanderson in April 2009 and I completed my Support Brokerage training arranged through the National Brokerage Network in June 2010.

I am personable and get on well with people and work to the professional standards outline on the NBN website. I have experience of supporting a wide range of people to take advantage of opportunities arising from Personal Budgets and assisting them to achieve more with their lives. I am looking forward to meeting and working with more people to assist them to develop their own support plans and improve their lives.

My mobile phone number is 07791030571 and email is paul@psassociates.net.
